TECH CENTER 2700INFORMATION DISCLOSURE STATEMENT

Assistant Commissioner  
for Patents  
Washington, D.C. 20231

Dear Sir:

This statement is filed in the application identified above pursuant to 37 CFR §§ 1.56. No representation is intended that a complete search has been made of the prior art or that no better art references than those listed on the attached form PTO-1449 are available.

The listed references were cited during prosecution of parent U.S. Application Serial No. 08/620,947, filed March 22, 1996, which is relied upon for an earlier filing date under 35 U.S.C. § 120. Therefore, Applicant submits that copies of the references are not required pursuant to 37 C.F.R. § 1.98(d).

The filing of this statement shall not be construed to be an admission that the information cited in the Statement is, or is considered to be, material to patentability as defined in § 1.56(b).

None of the art cited is believed to disclose or suggest the invention recited in the claims of the above-identified application. It is therefore believed that the claimed invention is patentably distinguishable over these references.

Respectfully submitted,

BOSE McKINNEY & EVANS LLP
